Human rights - Wikipedia
Human rights are moral principles or norms that govern certain standards of human behaviour and are regularly protected in municipal and international law. They are commonly understood as inalienable, fundamental rights “to which a person is inherently entitled simply because she or he is a human being” and which are “inherent in all human beings,” regardless of their age, ethnic origin, location.

Scots law - Wikipedia
Scots law (Scottish English: Lagh na h-Alba) is the legal system of Scotland. It is a hybrid or mixed legal system containing civil law and common law elements, that traces its roots to a number of different historical sources. Together with English law and Northern Irish law, it is one of the three legal systems of the United Kingdom. Early Scots law before the 12th century consisted of the...
